## Commissioner for Patents

The replies filed 11/01/06 and 2/01/07 remain not fully responsive to the Office communications 20061002 & 20070108 for the reason(s) set forth below or as set forth in 37 CFR 1.821(a)(1) and (a)(2) or the attached CRF Diskette Problem Report.

As previously made of record, 37 CFR 1.821 (a)(2)(c-d) states that each sequence disclosed must appear separately in the Sequence listing and in the text of the description and claims whenever described. For example, where is SEQ ID NO: 27 described within the specification, so one knows what SEQ ID NO: 27 is? Page 64 (pps 00275, 00276 & 00277), pg. 71 (pp 00287), as well as Tables 4-5 on pages 67-68 have further not been amended to indicate the appropriate SEQ ID NO (or position number of a SEQ ID NO). More importantly, amended Table 3 (new SEQ ID NOs: 63-74) have been added, yet pages 72-79 still recite SEQ ID NOs 63-74 that are directed to different sequences. Appropriate correction is required, in order to avoid ABANDONMENT of this application.

Note that a new CRF, paper copy and appropriate statement that these are the same and no new matter exists is, therefore, again required, because sequences are obviously misnumbered, or do not exist.

Since the above-mentioned reply appears to be bona fide, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid ABANDONMENT.

NO MORE EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED BECAUSE SUCH EXTENSIONS HAVE ALREADY BEEN USED AND THEREFORE HAVE EXPIRED.
